These men here are spotters that you see each week working in the infield and around the track. You may think their job is an easy one, but I am sure they would tell you different. Some of the things they have to do is, to keep an eye out on the cars, seeing if they can detect anything that might be going wrong, if so it may prevent an accident from happening. They also watch for rough driving.

Rain-Out - Raincheck

If by chance the weatherman should turn on the rain clouds on our regular Saturday night racing program at Razorback Speedway our fans are assured of getting to see the action.

If the rains come before the race program begins or before the program is half-way completed your tickets will be good for next week's racing program. The make-up races (until school is out) will be re-scheduled at the end of the season. After school is out the make-up races will be run on Wednesday nights.

In the event more than half of the racing program has been presented and rain should stop the remaining portion. This must be honored as a full program as the drivers must be paid for their races.

BILL BUSH

The new Secretary of the Fort Smith Racing Association is Bill Bush. Bill is no stranger to you folks here at Razorback. Bill has been working position of spotter on the #1 turn. Before becoming secretary, Bill has been serving on the Board of Directors of the Ft. Smith Racing Association holding the office of Sergeant -At- Arms. Bill is employed at the Southwest Times Record in the Advertising Department. Bill and his wife have one son Greg, who is eight years old and they are expecting their second child within the next few weeks.

WOULD YOU BELIEVE IT RAINED!!!
RAIN!! RAIN!! RAIN!!

The ole weatherman has played a very important part in the cancellations of the last two Saturday nights racing programs. Everything looked just fine last Saturday evening, when about 5 minutes until race time a big black cloud hovered over the race track and sure enough here came the rain and it rained pretty good for about thirty minutes. The drivers met and thought they would be able to dry the track out and be able to run the nights racing program, after about thirty minutes of trying to dry out the track, came the announcement that the races would be canceled until Monday night and again the rain came down, and no racing Monday night either. So with a little luck and a whole lot of co-operation from the weatherman, we can have a fine night of racing.
