Once again the rains came down, but luckily before race time.

Well, I take back all the mean things I said about Jay Smith. He shared his dry tower with around twenty of us fans. How bout that!!!

The man responsible for lighting the big bomb after our National Anthem, is none other than Legs Lee Hull. He claims the fuses are too short! I think we should pass the hat, and buy him a box of extra l-o-n-g matches.

Lee Flurry in #118 jumped out in the first lap, and went all the way to win the first Junior Modified Heat. #5 Robinson challenged Lee all the way and received

second place, and #17 Joel Gilbert moved up from fourth position in the last lap for third. Lewis in #6 and #60 Rosebeary dueled it out for first place in the second heat. Rosebeary edged around on the last lap for the win. Lewis was second #30 Gohea was third. Gerald Shelby in #58 received first points and money in

#30 Cohea was third. Gerald Shelby in #58 received first points and money in the consolation. #33 Clouse passed #10 Freeman on the last lap for second place and Freeman was third. Rosebeary was the victor in the trophy dash, #6 Lewis held the number two spot through six laps for second and #118 Flurry moved up on the last lap for third. Rosebeary from Farmington, Arkansas made a clean sweep, as he received the checkered flag in the Junior Modified feature. #78 Bill Bradley moved out in the tenth lap and went on for second place, #58 Shelby third & #63 Linam fourth.

RACING HAS IT'S UP and DOWNS

There were ten cars lined up for the Super Modified feature. They had not been many laps made when car #88 Herb Burris and #8 Lee Hull got together on the back straightaway and spun out. With this action came more, as Bill Street in car #4 tried to miss Hull and Burris and went in front of Dale Wofford #90 resulting in #90 turning over on its side. All drivers involved were uninjured although Dale Wofford was shaken up, he was knocked out for a few second after the accident, he was okay.

Rain-Out Raincheck

If by chance the weatherman should turn on the rain clouds on our regular Saturday night racing program at Razorback Speedway our fans are assured of getting to see the action.

If the rains come before the race program begins or before the program is half-way completed your tickets will be good for next week's racing program. The make-up races will be run on Tuesday nights.

In the event more than half of the racing program has been presented and rain should stop the remaining portion. This must be honored as a full program as the drivers must be paid for their races.
